OPTOMETRIST & OPTICIAN
of 110 Collins St., Melbourne.
43 FERGUSON-ST., WILLIAMSTOWN.
FOR APPOINTMENTS RING 397-6031.

THE COST OF THE ARTS FESTIVAL

The first Altona Arts Festival in August was a great success, even though expenses exceeded receipts by approximately, \$1400 and \$503.22 of this amount is still unpaid.

The outstanding money will be paid out of the \$1000 cultural vote of the current financial year.

And the Festival will not be held next year.

Expenses and receipts can be summarised as under—

EXPENDITURE	
Programs	\$1124
Vic. Ballet Co.	447
Bal. Expenses	330
Arts Festival Expenses	296
Time Tables	105
Expenses incidental to the various displays	286
	\$2588
RECEIPTS	
Sale of Programs	\$202
Bal.	455
Ballet	115
Other entertainment	417
	\$1189
Excess of expenditure over receipts	\$1399
Less Council grant	896
Amount outstanding	\$503

Presenting the accounts of the Festival, Cr. P. A. Burns, the council in charge of cultural activities, said: "I hold no grudge against anybody in the previous year. They are to be commended for the fine work that they so ably performed."

Cr. H. W. Lee moved and Cr. A. W. Bond seconded Cr. Burns' recommendation that the debt be paid from the council's current financial vote.

Cr. G. den Dulk opposed it. Cr. Lee said the proposition for the Festival came from the shire council and a great many people put on a great show of a very high standard.

"The organising committee had the support of this council. Organising this, it could happen that unforeseen expenditure could arise."

The Arts Council, as a sub-committee of the council, has

suggested that this debt be referred to this year's allocations. There is \$1000 for cultural affairs, and it would mean that there would be \$500 left to be allocated for cultural affairs by the Arts Council.

Said Cr. Lee: "Speaking personally, I do not think that there will be a Festival in the current year."

"I think there may be one in the following year."

"Now we will analyse our experiences and draw on this in the future. The council was prepared to foster culture and I think it should show that it still can."

Cr. den Dulk said: "I think it is wrong financial policy to carry on a debt to the next financial year."

"I think it is wrong to take it out of next year's estimates."

"More of these items could slip through and be carried on to next year."

"I think we should refer this to the finance committee where a far better answer could be obtained."

Cr. Burns said: "This debt was made before I got into this council. I was going to refer it to the finance committee, but I thought more could be done here."

Cr. Lee said: "The only thing that has to be decided is what allocation it should be taken from."

"The duty of the finance committee is to draw up the estimates and accounts."

"No proposition has been received on how this year's cultural vote might be spent. This is the first time. I feel it is a proper and correct step to take."

"It is up to the finance committee, looking into it when the money has already been provided. It is a debt of honour that has to be paid."

The council voted to pay the debt from this current year's cultural vote.

The receipts and disbursements for the first Altona Arts Festival conducted in July and August, 1967, follows—

RECEIPTS	
Talent Quest	\$85.23
Film Nights	73.58
Drama	29.80
Ballet	115.50

NEW BANK OPENS AT SEAHOLME

Banking hours from 9 a.m. to 6 p.m. on Monday to Friday, and 9 a.m. to 12 noon on Saturday, are now available at the new agency of the Commonwealth Savings Bank opened recently in Musgrave's Store, 7 Leicester Square, Seaholme.

Mrs. M. Musgrave, the agent, will attend to all banking needs. The provision of this service is in line with the Commonwealth

Savings Bank's policy of providing banking services wherever they are needed.

Residents in the area may open new accounts at the agency, deposit money to accounts already open and make arrangements to withdraw at this new agency or any other of the 9000 offices of the Commonwealth Savings Bank spread throughout Australia.

MINIATURE HYDROPLANE SERVICE FOR ALTONA BEACH

There's to be a miniature hydroplane service on the west side of Altona Pier this summer.

The Altona Shire Council agreed to the proposal on Monday night.

It will be organised by the boat service of Mr. I. W. Clarke.

Mr. Clarke had put his submission before the council's parks and foreshores committee.

The committee's recommendation to agree in principle to the operation of the hire boat service on the west side of the pier was adopted by the full council on Monday night.

Mr. Clarke told the committee that the boat intended to be used in the hire service is a miniature hydroplane and has passed all tests to date by the Marine Board.

The boat travels at between 7-12 mph. At all times there will be a patrol boat in attendance. It is proposed to use an area on the west side of the pier, from the pier to a line opposite David-

son's. The boat will have to commence operation after Christmas. Operation will only be during the day time and not in rough weather. The hiring time for each person will be 15 minutes.

At any one time there will only be four gallons of petrol on hand for use during the day.

The engines in the boats at present are similar to a motor mower, and would create approximately the same amount of noise. However, experts are being carried out to use electric motors with batteries. If these motors are used, there would be no noise at all.

Cr. H. W. Lee stated that the council will have to consider the fact that the area required for use by the boats, will have to be restricted from the public and asked Mr. Clarke whether he intended to apply for a lease over the area.

Mr. Clarke replied that up to the present, he had not thought of applying for a lease, but if the venture was successful he would consider making application to the council.

Cr. Lee inquired as to what payment would be made to the council, and suggested to Mr. Clarke if he was prepared to pay say 5% of his takings over a year.

Mr. Clarke stated that this suggestion would be agreeable, and asked whether the council would limit the number of boats to use in the area.

Cr. Lee said that the number of boats was of no concern, but that the area to be used is the most important.

It was agreed with Mr. Clarke that an inspection and demonstration be made for the benefit of the committee on Sunday at 10 a.m. at the site adjacent to the west side of the pier, weather permitting.

Cr. P. J. Lynch asked what age children will be allowed to operate the boats, and if they would be alone in the boat.

Mr. Clarke replied that the Marine Board required that each boat carry a life jacket. Because of the size of the boats, only one person will be able to operate each boat, and the children under 10 years will not be allowed to hire boats.

Cr. S. G. McIntosh asked what insurance cover will be held in case accidents.

Mr. Clarke replied that he was still inquiring into the necessary public risk insurance.

During discussion, Mr. Clarke explained that it was not necessary to operate right up close to the pier, that at present he

Accounts still to be paid are—
Witke Printers, Plates for Booklet.....\$198.00
The Vic. Ballet Co.—Performance 31/7/1967.....446.72
\$644.72

Balance in the National Bank to meet these two accounts is \$141.50
Making a deficit of a.....\$503.22

For the year ended 30/9/1967 the Cultural Activities vote was \$1000, but this was increased to cover a total expenditure of \$1203.50. For the year 1966-67 payments were as follows—

Buses to Children's Ballet	\$120.33
First-aid—R.F.S. membership to April, 1968	10.00
Moomba Day Expenses—Ballet	59.17
Musical Festival—June—Music	35.13
Arts Festival Advances	600.00
Art Organisations	75.00
Council paid Arts Festival Expenses, Lighting, Chairs, Publicity, Security and Display Materials	295.68
Musical Society—September—Music	8.19
	\$1203.50

Mothers Unhappy About Council Criticism

The Altona Shire Council denies that its criticisms of parents of kindergarten children was directed towards the Altona North kindergarten.

It says that the criticisms made in the council meeting were meant for "kindergartens generally and not for any one kindergarten, organisation or person."

The council decided on Monday night to send a letter to the Altona North Pre-School Centre Ladies' Auxiliary explaining this.

The committee's president, Mrs. Olive M. Gordon, and secretary Mrs. Shirley M. Leslie, had sent the council a letter of protest against the allegations.

The letter was signed by 38 mothers of children at the kindergarten.

The letter read:

"Following articles in the 'Altona Star' and in the 'Western Suburban Advertiser', the mothers of the children attending the Altona North Kindergarten hereby express their concern over suggestions made at your last council meeting."

"The Ladies' Auxiliary has proved to be a very hard working body as shown by their most successful year to date, culmi-

nating in the fête held Saturday, October 14, at which time our conscientious mothers worked for and earned the amount of \$261."

"Allegations made in these articles are groundless as we have no children left at 7 a.m. and none have been looked after until 5 p.m. These suggestions are not correct and where this information came from is not known."

"The mothers are most upset over this criticism and have called two special meetings to discuss our course of action. We feel that this front page article has given our kindergarten bad publicity, and we fear the repercussions could affect the good name of our centre."

"We would ask you to reconsider your statements and all mothers feel that we deserve an apology issued in the local paper in a similar position to your unfair complaint."

"Attendances at our meetings have shown a marked increase on previous years which seems unusual for mothers whom these reports have called lazy and irresponsible."

"These mothers come along prepared to work for their children and others, to give their kindergarten first-class equipment and appearance. Every child has been left and picked up every day by a very responsible person, usually mothers."

"Two children this year have been alone in the kindergarten alone, but only with written permission from their parents."

"The committee's policy in the past has been to work as an individual party without interfering with council and employee, however, we do feel in this instance that our reputation is in jeopardy, and ask for your consideration, the letter concluded."

Cr. G. den Dulk told the council on Monday: "The comments I made in this council are no reflection on this committee, ladies auxiliary or mothers club. They were meant for kindergarten parents in general."

"In my part, I don't think I should apologise."

"I move that a letter be sent explaining that this committee was not meant. Those parents who are to blame—they will know they are to blame."

Cr. H. W. Lee: "The words that were spoken at that particular night were made generally."

Cr. S. G. McIntosh: "That's correct."

Cr. Lee: "That was it. No reflection was levelled at any particular committee or any person."

"The comments were that it was the responsibility of the parents to take their children to the kindergartens and pick them up at night."

Merv Rose to Leave Altona

It is with regret that Mr. and Mrs. Mervyn Rose, of Millersrd, Altona, have decided to auction their present home and leave the district.

Merv Rose is the well-known tennis player who has represented Australia in Davis Cup and overseas.

Mrs. Rose has lived all her life in Altona. For the last 10 years in Millersrd.

The family is moving to Essendon to be closer to Mr. Rose's work which occupies him seven days each week.

Their home will be auctioned by Farnbach, Burnham & Co. at 12-15 p.m. on December 2.

Of 20 squares, the brick veneer house comprises three bedrooms, spacious lounge-dining room, a roomy entrance hall, well-appointed kitchen, dining nook, a large rear sunroom and many features.

LOST ARTICLES AT POLICE STATION

The Altona police are seeking owners for two articles they are holding—a medalion on a gold-coloured chain and a gent's wristlet watch.

Cr. Lee: "That was it. No reflection was levelled at any particular committee or any person."

EDITORIAL

Water Restrictions

Nearly everyone can save water. Certainly all adults and all except very young children.

And in so doing they can actually help in relieving Melbourne's water situation.

Instead of the phrase "Don't waste water" we prefer to advocate the right use of water.

Sufficient water for domestic and personal use is available. Such water if used most efficiently would result in a decrease in consumption in many households.

And in the garden, there have been those who have urged the right use of water long before any restrictions were necessary.

If the extreme water restrictions incline us to better water usage they will serve not only against our present position but also in the long future.

If every citizen of Melbourne by a more correct use of water reduced his consumption permanently there would be less capital expenditure on new dams and less concern over new catchment areas.

WATED SEEPAGE CAN CAUSE DESTRUCTIVE RUSTING

The seepage of water into the body or boot of a car can cause such destructive rusting of the floor that the body structure is weakened and the car possibly made unroadworthy.

The Petroleum Information Bureau (Australia) says that seepage usually occurs as a result of faulty body assembly, particularly in the installation of screens and rear windows. Failure to shut windows tightly before washing is a frequent cause of water getting under mats and carpeting.

If it is found that water has caused rust under mats or carpets or on the inside of panels or other concealed surfaces the rust should be scraped away and the surfaces treated with a rust-killing preparation. They should then be painted with zinc chromate primer and afterwards with bituminous roofing paint.

CAR BODY FINISHES STILL NEED TO BE KEPT POLISHED

Although body finishes on modern cars are much more durable than those used 20 years ago, they still need regular attention to keep looking their best.

The Petroleum Information Bureau (Australia) recommends regular washing of the car with a little detergent added to the water if necessary.

If the body surface has a film on it, a cleaner with some cutting action is essential. The highest and most lasting polish is attained with a wax and silicone polish applied after the cleaning treatment.

DO NOT USE ABRASIVE POLISHES ON CHROME

Metal polishes designed for brass and copper should be used only on those metals and never on chrome plate which will suffer damage because these polishes are abrasive and contain acid.

Chrome plate should be cleaned with one of a large choice of milder polishes as its surface normally does not tarnish but merely becomes covered with dirt which yields to a suitable solvent. Kerosine will often do the job.

CARE NECESSARY IN FITTING SPARK PLUGS

The removal or fitting of spark plugs in modern aluminium cylinder heads requires a little extra care because the threads of the plug holes are more easily stripped than those in heads of ferrous metals.

Plugs should never be fitted with a thread longer than the type specified by the maker. Carbon deposited on threads which project into the combustion chamber may cause jamming and threadstripping during removal.

ROAD SAFETY STARTS WITH YOU ROAD SAFETY HINT

Where there is no footpath, always walk on the right hand side, facing oncoming traffic. Never turn your back on danger. Road safety depends on you.

Former Resident is a Mother Again

Peter Brian is the name of the new baby son of Coral and Brian Nicholson of Traralgon.

Coral (formerly Coral Gadsden, of Queen-st.) and Brian already have a young daughter, Susan.

Present address is 39 Hickock-st., Traralgon.

WORLD SPEED CAR CHAMP IN MELB.

Johnny Stewart, world speed car ace and runner-up last year in the world championship, will be racing in Melbourne this Saturday night at Melbourne Speedway.

Last Saturday three world class motor cycle solo champions, Bert Harkins, Johnny Bulger and Don Prettijohn competed, and the three laps track record was smashed on a number of occasions—the new holder is Bert Harkins with the fantastic time of 53.5 seconds and for the four lap handicap he clocked 1 min. 18.7 secs.

Johnny Stewart won the Queensland Championship in 1965, was runner-up for the same championship in 1967, and has also won the Craven A Filter Australian Championship two years in succession, namely 1966 championship and 1967 championship—in the process he won a Ford Falcon last year. He came second in the world championship in February of this year, and is certainly the biggest money earner in speed car racing, and the greatest drawcard and crowd pleaser.

Also racing at the speedway will be a New South Wales speed car team led by David McKintrie in a Morton Vauxhall 23, Kevin Gormley in a Morton Repco 24, and Don Read in a Clarke Holden 83.

MADAM MAWER'S SCHOOL

Piano playing, piano accordion, electric chod organ and pop singing. Full particulars may be obtained by phoning 391-1867 9-11 a.m. and 1-9 p.m. Children and adults catered for. Fees payable by lesson or in advance if desired. Private tuition.

A. W. & D. A. DOCKER

CATERING SERVICE

12 Millers Road, Altona, 3018.

Telephone: 398-1482.

LADIES BOWLING CLUB NEWS

A packed house of bowlers and friends voted the Cup Eve Cabaret at the Altona Bowling Club an excellent night.

The band was most enjoyable, the supper excellent and capable comper, Harry Harris, capped the dancing when he organised the "Alberts".

The social committee is congratulated on arrangements for the night.

Annual veterans day for ladies at the City of Prahran Bowling Club was attended by three of Altona's over 70's — Eileen Thomas, Jess Grant and Maude Mills, who were accompanied by veteran ex-Altona bowler Vera Bush.

Their enjoyment of this special day was enhanced by Harold Martin, who acted as the group's chauffeur for the day.

A general meeting of ladies will be held at the clubhouse on Monday, November 27, at 7-30 p.m.

Nominations are required for one lady to be elected to the games committee and another for the committee.

Nomination papers are available from the secretary, Mrs. Esme Mann.

Several bowlers on the sick list are wished a speedy recovery.

Don Siphthorpe is home from hospital after an ear operation. Dot Nielsen is in Altona Hospital. Stella Thompson has been ill; Isla Probert is progressing very favourably; and it is good to see Bess Nees back at the clubhouse again.

The attention of lady bowlers is drawn to several needs.

Firstly for volunteers to help on the day of the all day mixed tournament on Sunday, December 3. The secretary will welcome inquiries from ladies who can assist on this day.

Secondly, donations are still required for the Christmas Hamper.

And thirdly, the need for ladies to check the cleaning and pennant rosters so that they learn which are their duty days.

"Zig and Zag" to be at School Bazaar

The annual bazaar for the Altona North State School in Cresser-st. will be held on Saturday, November 25.

Children, go along and have fun with "ZIG AND ZAG" and don't miss the trailer and tractor rides. There will be plenty of ice-cream, sweets, drinks, potato chips and strawberries, lucky dips and extra special novelty school bags.

There's plenty for mum and dad, too, cakes, groceries, fancy goods, aprons and toy stalls—in fact, good buying for Christmas.

You don't have to worry about rushing home for lunch. The bazaar will be open all day and there are hamburgers, hot dogs, cups of tea, etc., on sale.

Make this a real day out and not only will you be enjoying yourselves, but also helping the mothers' club to raise funds to provide more equipment, books and facilities for the school.

Be sure to remember the day, Saturday, November 25.

FLATS v. HOUSES IN SUBURBS

In many suburbs of Melbourne more flat units than houses are being built. On an average, for every four houses built there are three flat units.

This trend is most obvious in the older inner suburban areas and is also becoming pronounced in the outer suburbs.

In Altona out of 84 home units approved of in the September quarter of 1967, 58 were for houses and 26 for flats.

Elderly Citizens Will Hold Stall

Members of the Altona Elderly Citizens Club are busy working for the stall to be conducted in their clubrooms at 10-30 a.m. on November 23.

The stall will be open to the public and residents are asked to patronise this effort.

Christmas Dinner for members is being planned for December 2 at 6 p.m.

All financial members are requested to obtain their invitation card from the clubrooms and those accepting must notify the club by November 26.

CHIS-LON RAFFLE DRAWN

Results of the Chis-Lon Spastic Aid Centre Christmas Stocking Raffle are as follows—

First Prize.—Mr. J. Duff (ticket No. 7962), 20 Logan-st., Canterbury.

NEWS AROUND TOWN

Millers-rd. — Divided roadways

In preparation for the construction of divided roadways in the section of Millers-rd. between Kororoi Creek and the entrance to PRA, including reconstruction of the intersection of Millers and Kororoi Creeks, the hedge adjacent to the PRA administration building was transplanted to its new alignment.

Fencing along the west side of the roadway was erected on the new alignment.

Millers-rd. — Bridge:

Tenders have been called for a bridge, similar to the existing one, to be erected in conjunction with the new roadway along the west side of Millers-rd.

Details of tenders will be submitted to council on November 27.

Hockey Pavilion on Grant Reserve:

The laying of bricks for the external walls of the pavilion is nearing completion.

Reserve at corner of Esplanade and Pier-st.:

The conveniences located on the reserve at the north-east corner of Esplanade and Pier-st. are being repaired so that they can be used by the public during the coming summer season.

Boat Ramp at Cresser Reserve:

A narrow channel leading from end of the boat ramp to deep water was excavated by dredging with a sand pump mounted on a pontoon.

Funds are to be sought from the Tourist Development Authority for widening of the channel.

Tip at Altona North:

General cleaning up of the area and making of fire-breaks adjacent to the tip was undertaken.

A water service leading off the 12-in. main recently completed by the Board of Works was installed for fire fighting purposes.

Shrubs and trees around the Civic Offices, Libraries, Infant Welfare Centres and Pre-School Centres are being watered during the above period.

Grassed areas, including recreation reserves, are not being watered by Council employees.

In this connection, Cherry Lake and underground sources close to reserves are too salty for horticultural use.

Street trees are being watered from tankers, the water being obtained from a private dam.

It is hoped that ratepayers will assist by giving trees, especially young trees, in front of their properties a bucket of water at least once a week during the current dry period.

On display that day will be the future stars of Australia. This is the team that the national newspapers reported will spend \$1,500,000 in the next five years in developments.

Altona can feel proud that they were asked to be hosts to this wonderful club from Sydney. This soccer apprenticeship consists of education, learning a trade and five days a week soccer training, all payments are made by the club, who own one of the largest clubs in the Sydney area.

Altona has won the respect of this club by the progress they have made and the way the juniors have performed.

Soccer fans must turn up to see and encourage a team with such enterprise.

After the game Mr. L. C. Noordenne will entertain both teams at his home.

Altona's under 12's who are Victorian champions, will play a Victorian team at 1 p.m. on the same day.

This program could well be named "Australia's Soccer Future" for it is on these lads shoulders to lift this country to the top.

PEDAL CLUB RALLY SUNDAY WEEK

The next rally will be held on Sunday, 19th November at the Oakpark Recreation Ground.

Members to be at 9 Bracken Grove at 9.30 a.m.

There will be a "Gem Stone Jewellery" Demonstration on Thursday 16th (tonight) at 9 Bracken Grove at 8 p.m.

Donation 30c.

The next Games night will be held at 9 Bracken Grove on Tuesday 21st November at 8 p.m.

Silver pedal results November 11th—7, 15, 84

ARTS ADVISORY COUNCIL HAS "WORKING RULES"

The Altona Arts Advisory Council has been granted its terms of reference.

The terms of reference were drawn up as "a group of working rules" by the Arts Council in conference with Cr. P. A. Burns.

Cr. Burns presented these to the Altona Shire Council last Monday night and the councillors voted to ratify them.

They are—

1. That the councillor with the portfolio of culture will be advised by a committee to be known as "The Altona Arts Advisory Council."

2. The responsibilities of the Arts Advisory Council shall be to advise the councillor with the portfolio of culture whenever called upon to do so, and to advise on the suitability of organisations applying for registration as laid down within the requirements for registered bodies. That bodies wishing to register as a cultural organisation should submit applications to the Altona Arts Advisory Council who shall then forward to them the requirements of registration.

3. That the Arts Advisory Council be a fostering body to any committee which may be set up with the object of organising cultural events such as festivals, cisteddoffs, etc.

4. To advise on the financial requirements of cultural organisations within the municipality.

5. That members of the Arts Advisory Council shall consist of those members invited by the shire council on the recommendation of the councillor with the portfolio of culture, and as recommended by the Arts Advisory Council.

6. That office-bearers required shall be Chairman, Vice-Chairman and Honorary Secretary, to be elected from members of the Arts Advisory Council.

7. That a Minute Secretary be supplied by the Altona Shire Council, and that such Minute Secretary shall record the minutes of each meeting and shall be responsible for the processing of the minutes so as to be attached to the shire council agenda for distribution of copies to each member of the Arts Advisory Council.

8. That meetings of the Arts Advisory Council be held at least quarterly, and when convened by the councillor with the portfolio of culture, and that as an advisory committee to the council, meetings be held in council committee room.

9. That a quorum shall consist of half the number of members plus one.

Water Restrictions For Reserves

The current water restrictions permit public reserves and gardens to be watered by a hand-held hose from 7 a.m. to 9 a.m.

Shrubs and trees around the Civic Offices, Libraries, Infant Welfare Centres and Pre-School Centres are being watered during the above period.

Grassed areas, including recreation reserves, are not being watered by Council employees.

In this connection, Cherry Lake and underground sources close to reserves are too salty for horticultural use.

Street trees are being watered from tankers, the water being obtained from a private dam.

It is hoped that ratepayers will assist by giving trees, especially young trees, in front of their properties a bucket of water at least once a week during the current dry period.

\$1600 AVAILABLE FOR APEX PARK

As a result of the recent raffle, approximately \$1600 is available to be spent on Apex Park, which the Apex Club intends to do immediately.

The following steps would be taken—

- (1) Develop the levelling further west;
- (2) To include in this area, an Adventure Playground;
- (3) The Playground would be immediately west of the area already grassed. It would extend 200' further west and be approximately 200' back from the beach sand;
- (4) To fix in a cement base two drows, 4'6" dia. concrete pipes, one hay rake, one traction engine, two rail carriages welded to rails, and one fort 20' x 20' with walls 4' high;
- (5) The area between to be grassed.

The Apex Club is to provide the Council's Parks Committee with a complete plan of the area, showing details of proposed development and of improvements already taken place.

This will be discussed at the next committee meeting.

SEAHOLME TO GET SCHOOL LIBRARY

Seaholme State School is to get a new 6000-book library next year.

Cr. P. J. Lynch announced this at the shire council on Monday night.

He said he had heard it only on Friday.

He believed that tenders for the library were to be called early next year.

He said a lot of the credit for getting the library must go to the school committee.

Cr. Lynch also announced:

● Altona High School is to get a new headmaster, Mr. Shee, next year.

● There was a strong possibility that next year there may be a resumption of all humanities and science courses in matriculation level at Altona High School.

TABLE TENNIS PRESENTATION

PRESENTATION NIGHT

Trophies and awards won during two successful seasons of Western Suburbs Table Tennis Association competition will be presented at the annual presentation night, to be held on Saturday, December 2.

Venue will be the social club canteen at British Australian Carpet Manufacturing Co., Sredna St., Tottenham, and all players and their friends are invited to attend. Tickets are available at the Table Tennis Centre, Garden St., Williamstown (397 6863).

John Kelly, who lives in Myrtle Grove, Altona, but plays for Strathmore, hit peak form with top class display against Spotswood.

His three wins just lifted his team enough to take out the honours in a tense contest; final points in the encounter were Strathmore 538 to Spotswood 533.

Max McGavin is another unassuming player who gets results. He won three for Laverton against the strong BACM side, and Laverton won narrowly 6/12/445 to 5/13/469.

BACM were actually ahead on points but still lost the vital four premiership points.

ALTONA PIGEON RACING

COONAMBA (512 Miles)

Altona Pigeon Racing Club results for the Coonamba (5 miles) race last Saturday are as follows—
1st, R. Mizzi; 2nd, D. Si-thorp; 3rd, R. and R. J. Ricardson; 4th, W. Haigh and So

Altona Tennis Club Teams

Altona Tennis Club's senior and junior teams for Saturday November 18 are as follows:

SENIORS

A Reserve 1 No. 1 v. Kingsville, away—

J. Kelly, M. Kelly and J. Walker.

A Reserve 1 No. 2 v. Smithville, at Altona—

R. Turner, C. Turner and Harrington.

A Reserve 3 v. Kingsville, away—

B. Mellington, D. Campbell and A. Angus.

B2 v. Kingsville, at Altona—

K. Walsh, J. Trickey and Thomas.

Players unavailable please notify emergencies and also M. Harrington.

JUNIORS

All junior games to start at a.m. on Saturday.

Section 1 v. Kingsville, away—

J. Trickey, R. Snowling, Wood and C. Sutton.

Section 3 v. Liston-Esplanade, at Nelson Place—

E. Valente, C. Groves, Rosenboom and G. Crofts.

Section 1 v. Yarraville, at Altona—

J. Walker, B. Walker, Keown and B. Sandilands.

Section 3 No. 1 v. Rosamond, at Altona—

L. Smith, R. Webb, J. Crake and H. Shields.

Section 3 No. 2 v. Roberta, Altona—

D. Crofts, J. Wise, Y. Robson and L. Hyde.

Players unavailable please notify emergency and also M. G. Russell (68-8661).

OPEN NIGHT AT CAMERA CLUB

Altona Camera Club member Miss Margo Chatfield, volunteered to be the model last Friday night and after position under the floodlights, presented a very pleasing study to shutter-happy camera users.

For the next meeting, Friday November 17, an Open Night planned, but it is advisable come prepared with your camera, anything could be sprung a surprise.

Next year's syllabus is under way and any ideas or suggestions from members would be welcomed. Already the topic for the monthly competition have been mapped out to cause some head scratching.

Coming up on November will be a display in the library at which entries for the "people" competition will be viewed and judged. Members who have photos of an open theme welcome to display them.

In conjunction with this competitive display will be the judging of black and white or color photos taken during the recent held car rally.

With the Christmas holiday approaching, now would be good time for people thinking of joining the club to come and have their camera problem explained.

Next Friday, night's meeting will commence at 7.30 p.m. the Homestead, Queen-st., Altona (opposite the library).

Cr. J. J. Ginifer, M.L.A., Speaks on Mentally Retarded

During a debate on mental health in the State Parliament Cr. J. J. Ginifer had some pertinent remarks on the subject of mentally handicapped people.

Several points of order were brought but Cr. Ginifer made his point.

Following is his speech taken directly from "Hansard" of October 31:

Mr. GINIFER (Deer Park).—I propose to examine this subject from the point of view of the education and training of mentally retarded and mentally handicapped people. Some of these aspects are the responsibility of the Education Department, which gives some training to these people in opportunity grades or special schools. Others who do measure up to the standards required for this training come within the province of the Department of Health, and it is to his group that the Government has not given all the consideration and assistance needed. I refer particularly to those people attending training centres conducted by the Government or private people in the suburbs and country areas, and I direct the attention of the House to the fact that for two years representations have been made to the Government for an increase in the subsidies paid for the conduct and maintenance of these centres. In the present Budget, provision has been made for subsidies paid to creches, and kindergartens to be raised from \$50 to \$240 per child per year, but the subsidies to be paid to day centres has been increased from \$100 to \$230 per child per year. I should like to know why this discrimination in the suburbs and by the additional \$10 was not given to the day centres which are subsidised by the Department of Health. If the community was given the opportunity of determining whether or not the facilities made available to day centres should be continued, I believe it would vote overwhelmingly in support of their continuation. After all, the children catered for in day centres and kindergartens could be taken back to their homes without creating the same problems that would occur if day centres for mentally retarded children were discontinued. Perhaps the Government could not afford to pay an additional \$10 subsidy to the day centres because of the additional commitments it has entered into in regard to payments to non-Government schools. I shall be interested to hear what the Minister of State Development has to say on this matter.

The SPEAKER (the Hon. Vernon Christie).—Order! I invite the honorable member for Deer Park to speak more closely to the motion before the chair.

Mr. GINIFER.—The subsidy of 30 per cent paid to day centres for mentally retarded children by the Department of Health does not really compare with the costs involved in the payment of salaries to teachers, which are now provided for under a wages board determination. In this regard, the Government is not accepting its full responsibility. If mentally retarded and mentally handicapped persons could attend primary, high or technical schools provided by the State, their parents and the committees organising the day centres would not have to conduct fund raising activities in an attempt to obtain finance with which to fulfil the needs and requirements of these children. In my opinion, the Government could give serious consideration to increasing its contribution towards these centres.

I should like also to refer to the training of teachers who are engaged at day centres for the mentally handicapped. When they have completed one year as

a student of a junior teacher in a centre, they are paid \$13 or \$14 a week. In order to obtain admission for training, they have to be sponsored by a committee which controls the training centre and, in addition, the committee has to augment their salaries. This is another aspect of the training to which the Government should give serious consideration. It should not be left solely to the local committee to bear the greatest burden of running the centres. There is a lack of training and a lack of opportunity for teachers in the day centres. There are 35 or 36 day training centres in existence in Victoria at present, and because of the lack of facilities for training teachers, many of the centres are staffed by persons who have not had sufficient and adequate training. Therefore, the Government should make additional training facilities available and should extend the course, which now covers two terms, to one year. Such action would tend to bring the training of the teachers up to a national or international standard.

Reference has been made to the number of persons enrolled at the centres and the number requiring this type of specialised training. In this regard, there has been some debate relating to opportunity grades and special schools. The children attending the schools conducted by the Education Department are expected to leave on attaining 16 years of age, but those attending the training centres for the mentally handicapped remain there until they are 40 or 50 years of age. This state of affairs has been brought about as a result of the introduction of sheltered workshops in which these people can assist in keeping themselves. Instead of considering numbers from the point of view of turn through, input and output, the Government should face up to the fact that the numbers attending these institutions will increase because of the type of training they are receiving.

Mr. JONA (Hawthorn).—On a point of order, I suggest that the subject matter with which the honorable member for Deer Park is dealing is not within the ambit of the motion, my understanding of which is that it relates to the alleged failure of the Government to provide staff and other facilities. It seems to me that the honorable member is canvassing a large number of personal ideas associated with the conduct of centres for the intellectually handicapped which are not related to the subject matter of the motion.

Mr. WILKES (Northcote).—Referring to the point of order, Mr. Speaker, I believe the remarks of the honorable member for Deer Park are in order. The motion relates to the failure of the Government to provide adequate staff, buildings and other facilities for the care of intellectually handicapped and mentally ill persons. The honorable member is canvassing the fact that there are related and inter-related irregularities in respect of the staff that is motivated by this Government with the responsibility of looking after intellectually handicapped children. Therefore, the honorable member is in order.

Mr. SCANLAN (Oakleigh).—On the point of order, in my opinion the significance of the remarks of the honorable member for Deer Park are that they deal with the Education Department and not with the Mental Health Authority. This is relevant to the point of order raised by the honorable member for Hawthorn.

Dr. JENKINS (Reservoir).—There is no mention in the motion of the Mental Health Authority. The motion refers to the failure of the Government to provide adequate staff, buildings and so forth, for the care of intellectually handicapped amongst others. This covers a number of

● Cr. J. J. GINIFER, M.L.A. for Deer Park.

services not necessarily within the jurisdiction of the Mental Health Authority.

The SPEAKER (the Hon. Vernon Christie).—Order! I find that there is no point of order, but I inform the honorable member for Deer Park that his remarks are not as relevant as the Deputy Leader of the Opposition suggested. They are not entirely relevant; they are just relevant.

Mr. GINIFER (Deer Park).—Because of the additional knowledge which is now available and the type of training applicable to mentally handicapped persons, the Government is not facing up to its responsibilities in meeting the needs and requirements of mentally ill people. At one time, the teacher-student ratio was in the vicinity of one teacher to 10 to 12 students and this was considered satisfactory, but now, because of the type of training that is considered necessary, the ratio should be in the vicinity of one teacher to five or six students. That is a matter of which the Government should take cognisance when it is deciding the financial contribution that it will make to these institutions. In addition, the Government should give more consideration to the transport allowance that is made available to people attending the institutions. The vast majority of the people attending the centres are unable to use public transport because of their disabilities, and for that reason alone the Government should increase the transport subsidy that is made available. For some years, the subsidy has been in the vicinity of 10c a mile, but representations have been made to the government to review this amount. After a couple of years of action, an investigation officer was sent to the centres concerned and the books were checked. The inspection was completed four months ago, but no action has been taken. The Government must accept responsibility for these failures. If it were not for the splendid work performed by service clubs, mothers club, parents auxiliaries and voluntary drivers, many patients would be unable to attend training centres, which would be unable to function properly.

The SPEAKER (the Hon. Vernon Christie).—The honorable member has one minute left.

Mr. GINIFER.—Finally, I should like to stress the urgent need for providing hostels for intellectually handicapped children so that their parents may obtain some rest from the day to day responsibility with which they are confronted. Assistance of this type would be greatly appreciated by families in which there has been some degeneration as a result of having to look after an intellectually handicapped child over a long period. Because of the sheltered workshops which are now functioning, many inmates will be able to work until they are 40 or 50 years of age, by which time their parents will no longer be alive and there will be no one to look after them in their declining years.

CHIROPODIST

JEAN K. BRADBURY, L.C.C., M.C.O.V., Dip.A.I.O. C/- HERBERT HEMMEL, 76 Pier-st., Altona, 65-8330. REPEAT CASES TAKEN. For Home Visits phone any day by 8 a.m.—91-5191.

AN ESSENTIAL NEED

—Altona Youth Club

A most basic contribution to young people in Altona is that made by the Altona Youth Club.

Within its walls young people of both sexes can engage in healthy and satisfying pastimes.

Many now, not so young can recall pleasant times and many achievements there.

Trained leadership and efficient control make the activities a positive antidote to boredom and worse.

Interest and assistance from parents and others who have good will to the young is invited and indeed pleaded for.

Not all can have the qualities and abilities necessary to lead a number of lads or lassies in specialised activity.

Some have—and their services are much in demand.

Many, however, can show their interest and support the executive of the club.

This they can well do by attending the annual meeting to be held on Tuesday, November 21, in the Youth Club Hall, Orpington, Altona, at 8 p.m. The annual report will be presented by the president, Cr. W. L. J. Crofts.

A short time at such meetings will give much information, but more importantly, will show the youth leaders that the people of Altona are with them.

THE COST OF SICKNESS

Being sick is an expensive business.

Over \$1,000,000,000 was spent in Australia last year on hospital, doctors and chemists' bills. About one-third is paid for by governments.

Eighty per cent. of the population are covered by hospital and medical insurance schemes.

In 1966-67 medical benefit funds paid 32%, the Commonwealth paid 32% and patients paid 32% of all costs.

Since 1960, hospital and medical charges have risen three times as fast as the average male earnings.

Beds in a public hospital now run as high as \$18 a day. But many people have not increased their insurance coverage in line with rising costs.

FACTS ABOUT HOSPITAL BENEFIT SCHEMES

There are 109 registered schemes with a membership of 3,657,000 covering a total of 9,342,000.

The percentage making claims for hospital benefits is 33%.

The average stay in hospital per claim is nine days with an average daily benefit of \$6.61.

The Commonwealth pays \$2 a day to insured patients and 80c a day to uninsured patients.

DROUGHT AFFECTS INDUSTRY

The Minister of State Development, Mr. Mansson, said today that he and the Minister in charge of Drought Relief (Sir William McDonald) were concerned that secondary industry was also suffering in the drought areas, and that unlike the primary production side, the effect on secondary industry could possibly, in many cases, be permanent.

Some instances had been noted of industries working short-time and other cases where families were permanently leaving the district to take up residence in Melbourne, because of better job opportunities.

This problem is not an easy one to solve. "However," said Mr. Mansson, "officers of my Department are busy canvassing city industrialists to seek their co-operation. To the extent that this can be obtained it will be a very great help if industries in and around the metropolis who could farm out work to their counterparts in the drought area, or who could let work out on a contract basis to the smaller industrial concerns in the country, would do so."

The light engineering industry, for instance, is well represented in drought stricken areas, and is one that immediately comes to mind as being specially adaptable to undertake work, particularly of a repetitive nature.

Others of immediate concern included joinery, plaster manufacture, foundry work, concrete products, brick making, etc.

If metropolitan manufacturers would assist secondary industry in the country by letting out work to them, this would keep industrial workers in their present location, and also be a fillip to the shop keepers and other commercial enterprises in the drought stricken areas. City firms willing to assist in

ANOTHER RECORD FOR WESTONA

With the benefit of competition experience starting to improve the standard, events at now becoming increasingly harder to win at the Williamstown Little Athletics Centre.

At the previous weeks meeting after times were checked, was discovered that G. Rohleder had broken the Boys' Under-400 metre centre record.

Performances such as this by young Rohleder and B. Dodd (Victorian record-breaker) may give these two lads a great chance of selection for the Victorian Championships to be held later in the season.

Winners for Westona last Saturday were—

BOYS

UNDER-9, 70 metres: G. Rohleder, M. Barrie and P. Totney; 20 metres: G. Rohleder, P. Totney and B. Spence.

UNDER-10, 70 metres: I. Law and J. Vanrangerooy.

UNDER-11, 88 metres: Douglas.

Laverton Report

by "PROG"

The lady went to the front door of her home and there stood two young kids. "Bob-a-Job Mum?" they asked.

"Are you on a 'Bob-a-Job' week kids?" she asked. "Yes Mum," they answered.

The lady thought for a moment then went inside, coming out a short time later. "I haven't got a job for you to do kids, but here is something to help out." With that she cheerfully handed over 20c, little realising that she had been taken.

After the kids had successfully reaped in at a few houses they came at last to a house where they were recognised, and the lady of the house said: "You are not in the scouts."

"I know," said one of them, "but look at the risk we take, someone may give us a job." With that the lady went around to see the boys' mother, and explained what was happening.

"Good on 'em," said Mum. "If people are stupid enough to give the kids money, then it serves 'em right."

So much for the young "Ned Kellies."

I wonder why a letter posted in Maidstone on Wednesday, November 8, had not reached its destination (Laverton) on Saturday, November 11? Yet a Christmas card came from England, 14,000 miles, in five days.

How we came to be saddled with two streets with the same name I cannot find out, but never the less it's true enough.

A letter was sent to the Laverton Progress Association asking them to bring the matter to the attention of the Werribee Shire Council. Now just about everyone in Laverton knows of Lohse-st., but how many could give directions to Lohse's-rd? Not many, I'll be bound.

I looked up the street directory at Cr. Bruce Comben's shop (in Aviation-rd.) and saw that Lohse's-rd. is entered as a street in Werribee, but since it is only approximately two miles south of Lohse-st., Laverton, it all adds to the confusion.

I have no doubt that there would be a considerable list of names on council "table" if it were known that the council is considering changing the name in the near future.

I understand that the most popular name would be "Eau-de-Cologne-ave" since it has always been known as that by the older residents for a number of years. Wonder why?

During a recent visit the chairman of the Traffic Commission (Mr. J. Thorpe) said he did not take kindly to the erection of a light controlled crossing in the Laverton area.

However, he did think that a crossing with flags could be managed provided it was manned. This news brought a bit of a damper on the hopes of quite a number of parents at the "Top End."

"We shall have to watch our step over these crossings," said Cr. B. F. Jackson, at the last Progress Association meeting. "If one gets onto they'll all jump on the band wagon," he added.

"The cost of installing one of these crossings is approximately \$2000, not that I consider the cost against a child's life, but we have to think it over very carefully before we commit ourselves."

"Who is going to educate the kids in the use of the crossing?" asked Mr. Dave Evans.

"Every school has a pamphlet on road safety," answered Cr. Jackson.

"I think it's up to the head teacher to educate them," joined in Cr. F. Gibson.

"I would say that it should be a combined operation between the schools and the parents," suggested Cr. Jackson.

The members were then asked to consider what action should be taken regarding a letter from the North Laverton State School Committee asking for the support of the LPA in the possible erection of a light-controlled crossing at the corner of Hillman and Bladin-sts.

It was decided that the secretary write to the council informing them of their support in this matter.

"What wonderful entrances we have in Laverton. Every way you come in you see junk yards," said Cr. Jackson at the LPA meeting.

"I am doing all I can to stop these characters, but they still creep in and dump the junk. Some of them do not even belong to Laverton and have no interest in the place. Goodness knows how they get away with it, but they do, up to now."

I was under the impression that land-owners had been told to clean up their blocks, but there does not seem to be much action to date. Maybe a few fines may help, if it's at all possible to trace the owners in that "jiggledy-piggledy" mass of subdivisions down south of the highway.

One piece of property that the council can definitely place the owner is a block in Strzelecki-gve. That one for sure will be an "oasis" in the middle of yards full of junk. The piece of property in question is owned by the council and soon will be the Laverton Council Yards. At a recent council meeting at Werribee I re-call Cr. Jackson asking: "What are those terrible monstrosities that look like shearing sheds doing in full view of the highway?"

"They'll be alright when they are finished," said Mr. McCormack. "They are just moving them in, just give them a bit of time."

This was a few weeks ago and they still look to me exactly as Cr. Jackson described them.

The financial report from the Treasurer of the Progress Association looked as cheerful as a sunny day to a "cockie" in these days of drought.

"Nobody is doing anything to help get us out of trouble," said Mr. N. Fox (Vice-Chairman). We used to run dances every Saturday night and bring in a few dollars, but we could not get the backing of the members. No-one would come along to give a hand and we were left with the lot to do. What we wanted was a couple of good fellows to mix with the crowd and smooth out any trouble."

"You mean a couple of bouncers?" asked one member. "Yes, something like that. We didn't have any trouble but there was always a rowdy bunch trying to get in, and we managed to handle them."

So it looks like there is not much chance of the Saturday dances starting again, unless some of the members decide they can give up a Saturday or two to help.

Meanwhile the only way that the LPA can get necessary finance is from the members subscriptions of 50c per annum. That will not pay even the light bill.

"We have been promised a stage," said Cr. Jackson, "but it is not being donated, only loaned on a temporary permanent basis. Actually we are only going to store it, but, of course, we can use it while it is here."

Here then is a good start to getting the hall "rocking and rolling," as it should be in a town with a great percentage of young people. Let's get with it, Laverton, and let's get with it on the map, at the same time help the LPA to help YOU.

Since mentioning the story about the Ranger and the irate dog owner, a number of people have said they are in agreement that the same gentleman does a good job.

Now I don't want to harp on this, but I thought that Mr. McDonald's words would certainly be the end of the affair.

"Reading in the local paper (presumably the "Star") I noticed the adverse comments about the dog catcher," he said. "I was down at the Rangers Crossing and the people down there say he deserves a medal for the job that he is doing."

"It's unfortunate though that he does not get around to the Epsom-st. State School when the

"MISS SUNSHINE" QUEST DANCE TO BE HELD IN LAVERTON

"A thing of beauty is a joy for ever," so the wise man said, and in saying must have been thinking of some of the lovely girls that enter these beauty competitions, one of which it will be our pleasure to meet at a dance to be held in the Memorial Hall, Laverton, on November 18.

Miss Carol Wegner, born in Sussex, England, arrived here 10 years ago as a little girl and soon became interested in the marching girls, becoming also a leader in a very few short weeks.

Although a competent typist-cum-receptionist, her main ambition in life is to become a successful housewife. Her hobbies include swimming, dancing and ice-skating, and just at the moment to win the "Miss Sunshine Quest."

The dance is in aid of the Lions Club of Sunshine, and the Quest for the benefit of the Elderly Citizens.

The music will be supplied by three bands, including "The Code," "The Raspberry Blues," and a surprise band, with "Go-Go Dancer Jeanie" from Altona.

We understand that there will be plenty of refreshments and dancing will be non-stop from 8 p.m. till 11-30 p.m.

Judging of the finalists in the Quest will be held at the Sunshine Town Hall on December 9, where a "Miss Charity Queen" and a "Miss Sunshine" will be selected. The winner of the "Miss Charity Queen" is to receive two weeks holiday in Fiji with \$100 spending money, and "Miss Sunshine" will win two weeks in the fabulous Gold Coast, a sash, a trophy and will be an entrant in next year's "Miss Victoria" Quest.

Tickets at the door are at a low cost of only \$1 per person.

Let's see if we can make this night one to remember, and in doing so we shall be helping the elder folk.

kids are going to school. There are a big cream dog and a black Labrador always hanging around.

"The black one knocked a lady down and broke her arm. The other day I heard a child screaming and raced out to see what was the matter. The child was being dragged from a car by a big dog. Luckily the child managed to get into the car and slam the door. I drove it off but it will be back."

I must apologise re a slight mix up in the Laverton Basketball teams. I understand they were as follows—
Checkmates, No. 1 and No. 2, but this is wrong. The teams are No. 1 team (Checkmates), then No. 2 and No. 3 teams. Here then is the official ladder:

Teams	Pts.
1. YMCA	160.5 16
2. Laverton No. 2	323.1 14
3. East Sunshine	178.5 14
4. CCK	158.7 12
5. Footscray Tech.	81.4 4
6. EMP	60.3 4
7. Laverton (Check.)	54.7 0
8. Laverton No. 3	21.4 0

Mr. Jula Mohasi the trainer and coach of the Laverton second and third teams, said he is quite confident the Laverton second team will make the finals. Any girls interested in training can join them at the Laverton Oval at 6-15 p.m. on Thursdays, or 6-45 a.m. on Sundays.

Another permit for a service station has been refused by the Werribee Shire Council, this time opposite the Laverton Oval, corner Merton-st. and North-ave.

During a discussion at the Progress Association meeting last week the subject was broached again, only to meet stiff opposition from the members.

"We as a Progress Association should protect people's jobs (if we allow one service station to move in then others will undoubtedly follow," said Mr. R. Warren

NUCLEAR DEVICE TO BE EXPLODED TO STIMULATE NATURAL GAS FLOW

Petroleum exploration companies throughout the world are awaiting with tremendous interest the results of the deep underground explosion of a 26-kiloton nuclear device at the El Paso Natural Gas Company's field in New Mexico, USA.

The explosion was to have taken place on Tuesday, November 14, but a cablegram to the Petroleum Information Bureau (Australia) from the El Paso company states that it has been cancelled because of construction difficulties with the emplacement hole.

No new date has been set, but the earliest possible date will be in the first week of December.

The purpose of the explosion, which will have the force of 26,000 tons of TNT, will be to investigate the technical feasibility of stimulating the flow of natural gas from "tight," low-permeability, deeply-buried rock formations.

The experiment, designated Project Gasbuggy, is a joint venture of El Paso, the US Atomic Energy Commission, the US Bureau of Mines and the US Department of the Interior.

Particular interest is being taken in the project by a group of Australian and American companies which are co-operating in drilling the Pacoota oil and gas field on the Mereenie structure in the "dead heart" of Australia, west of Alice Springs.

Members of these Australian and American companies have already discussed with representatives of the US and Australian Atomic Energy Commissions the possible use of nuclear devices to unlock oil and gas from Pacoota.

The Mereenie and Palm Valley fields lie in the Amadeus Basin and are believed to contain reserves of 1,500,000 cubic feet of

natural gas. The Pacoota reservoir also contains an oil zone about 300 feet thick.

The experiment in New Mexico might demonstrate the technical feasibility of using nuclear explosions to fracture tight oil or gas-bearing formations, but the economics of any proposed undertaking in USA or elsewhere will be determined on a case by case basis.

When the 26-kiloton nuclear device is detonated at a depth of 4250 feet in an emplacement hole on the El Paso field a fireball will be created and, through the action of heat and shock, will vaporise, melt and crush the surrounding rock.

The roof of the cavity, or "chimney," that will be formed will immediately be extensively weakened by fractures, and the broken rock will fall to the bottom.

Gas will flow into the chimney through fractured rock radiating from it and will be drawn off through a post-shot well.

Because of the depth at which the explosion will take place, no radioactivity will be vented to the atmosphere and the US Atomic Energy Commission does not believe that prevention of contamination of the gas will present a serious problem.

PETROLEUM-BASED PLASTICS MAKE NEW SURGICAL TECHNIQUES POSSIBLE

Many remarkable techniques developed in surgery in Australia and elsewhere in recent years have become possible only because replacement devices manufactured from petroleum-based plastics have been available.

The Petroleum Information Bureau (Australia) says that plastic materials used internally do not undergo chemical changes after they come in contact with body fluids and for that reason the body tolerates their presence. It would not tolerate them if the materials did undergo changes as most substances do.

Several kinds of plastics are used in the making of artificial heart valves with which surgeons nowadays often replace defective natural valves in human bodies. The plastics are not only non-irritant; they are also indestructible.

Blood vessels made from plastics are used, too, instead of those formerly made from rubber. Artificial blood vessels made from rubber had only limited lives because they gradually deteriorated.

Tubing made from plastics is used successfully for drainage purposes in cases of hydrocephalus (water on the brain), for blood transfusions, for carrying other liquids during operations or post-operative treatment, for administering anaesthetics and for intravenous injections.

Plastics are now favoured by manufacturers for the production of some medical equipment formerly made from steel or other metal and the Commonwealth Serum Laboratories are investigating the possibility of packaging penicillin and some vaccines in single-use disposable petroleum-based plastic syringes.

NEW PETROLEUM-BASED RESINS DEVELOPED

Two different special types of petroleum-based resins have re-

cently been developed in the United States. One will be used for surfacing the ground to take heavy weights and the other for protecting metals and other materials that have to stand up continuously to extreme humidity pressure and water abrasion.

The Petroleum Information Bureau (Australia) says that the first type, a modified chlorinated resin, was used in experiments by US Air Force research laboratory scientists to enable ground to bear heavy loads shortly after the ground had been levelled.

At the end of an hour the resin took the weight of a 10-ton aircraft and withstood blast pressures of 2500lb. to a square foot as well as heating up to 3000 deg. F. It is now being tested under sub-zero and tropical conditions.

The second type, a urethane-epoxy resin formulation containing ricinoleate polyol, will be used extensively in the chemical processing and electrical industries.

Petroleum-based epoxy resins were first produced commercially shortly after the Second World War. They are widely used in paints, enamel coatings for refrigerators and washing machines, printed electronic circuits for television sets, computers and space rockets, for coating tins of footstuffs, and for many other purposes.

WHAT TO PLANT IN NOVEMBER

DAHLIAS. — Planted this month, dahlias come into bloom early in the new year and continue to flower well into late autumn.

The soil should not be too good, otherwise rank growth may occur, giving you lots of tying, and fewer flowers as a result.

GLADIOLUS. — Another batch of corns can be planted this month to flower for you during February. Keep a sharp look out for thrip, which will attack the foliage and spoil the flowers. Dieldrin, 15% used as directed on the container, will keep them in check. Spray every three weeks.

BEGONIAS. — The bedding or fibrous-rooted varieties are very colourful and are ideal for any shady spot in your garden, and can be had in many different colours. Dwarf varieties grow to about 4in. and the taller types up to 18in.

For an open, sunny position try "Red Salvia" or the mixed colours of Zinnias.

As a background for these two annuals try the tall Delphiniums. This idea will give you a rich variety of colour and keep in mind that snails love Delphiniums.

MARIGOLDS are easy to grow and can be had in shades of

brown, gold and yellow in heights from 4in. to 3ft.

CELOSIA, well-known as Prince of Wales Feather, is well worth a thought with its tall plumes in shades of pink, bright gold and red tones.

PORTULACA, a succulent type of annual, ideal for a very low border, needs plenty of sun and can stand dry conditions well. Good plants for your window box.

PETUNIAS are hardy, colourful and free-flowering over a long period. They can be had in a great range of colours and can be used as a border in their separate colour or in a full mass of mixed colours.

AGERATUM. — A noted long flowering annual in blue, mauve and pink tones. Ideal as a border flower.

Each one of these varieties of flowers are ideal for dry conditions. When seedlings are established, you need only water each second or third day without any fear of them dying.

PIPELINES FOR AUSTRALIAN NATURAL GAS BEING PLANNED

The discovery of natural gas in commercial quantities in various parts of Australia in recent years has inevitably led to plans for the provision of pipelines from onshore and offshore fields to the principal markets.

The Petroleum Information Bureau (Australia) says that five major pipelines of an overall length of 1350 miles and a total cost of more than \$120 million are as present in different stages of planning and construction.

Four of the lines will be used for the carriage of natural gas and one for the carriage of liquids extracted from wet gas and of crude oil.

The projected lines are—

- Roma to Brisbane gas line, distance 280 miles.
- Gippsland to Dandenong gas line, distance 110 miles.
- Gippsland to Westernport, liquids and crude oil, distance 110 miles.
- Gidgealpa-Moomba to Adelaide gas line, distance 480 miles.
- Gippsland to Sydney gas line, distance 370 miles.

The construction of the line from Roma to Brisbane has become economically practicable only since Austral-Pacific Fertilisers Ltd. decided to build a \$40,000,000 fertiliser complex on Gibson Island in the Brisbane River.

Provided recoverable reserves of gas in the Roma area exceed 135,000,000 cubic feet, but the market for gas in Brisbane without the fertiliser complex would not have been large enough to justify the laying down of a line. The line will probably be completed by the end of next year.

The line from Gippsland to Dandenong is scheduled for completion by 1968. It will bring natural gas to Melbourne from Barracouta and Marlin fields in Bass Strait in March, 1969.

The Gippsland to Westernport line will start at a point at Dulson, near Sale, at which wet gas from the Barracouta and Marlin fields will be processed. The liquids extracted at the plant and any crude oil produced from the Marlin field will be conveyed through the line to the Long Island Point Fractionation Plant on Westernport Bay.

The line from Gidgealpa-Moomba, in the north-east corner of South Australia, to Adelaide will follow a line running through Peterborough and Clare. It may eventually be extended to serve industrial towns on Spencer Gulf.

The construction of a line from Gippsland to Sydney will depend upon the result of feasibility studies now being conducted. The distance by the most direct route is 370 miles; the estimated cost is \$50,000,000.

"BLUES ON STAGE"

If you dig Chicago-style Blues, 12-stringed guitars or discotheques with breathing space, then its about time you paid a visit to "Blues on Stage."

As its name suggests this discotheque caters strictly for the "Children of the Blues" and I can assure you there's no other disco like it in Melbourne.

The two-storey building is never crammed to bursting point with people but those who patronise "Blues On Stage" always get their money's worth.

This is because they are after one thing — music. And to them, Blues is music at its best.

They pay \$1 for the privilege of hearing musos like Dutch Tilders, Marg Roadknight, Adderley Smith Blues Band and St. Louis Union.

To most of these people this money would be wasted if they went to the Catcher or Sebastian's because the music they heard there would lack soul.

You may well say: "If 'Blues on Stage' is so good why don't they promote it a bit more?"

But this would be fatal because Blues isn't something you sell like Tamla Motown. It's something that people experience and listen to because it reflects their state of mind, at times when they have felt low.

Blues has the tear and drive that (to them) no other music possesses.

Good Blues musicians play for themselves rather than an audience. And I suppose this is true of every musician to a certain extent.

But how many musos would play seven hours for \$1 a head like the Adderley Smith Blues Band did recently?

Incidentally, the Adderley Smith Blues Band played their last night at "Blues on Stage" last Saturday as they have decided to start earning some money for a change.

They will probably be replaced by a group like Bay City Union or Langford Lever Blues Band.

WHAT YOU NEED TO KNOW

"Blues on Stage" is situated in Little Bourke-st. and admission is \$1.
The TOP FLOOR is reserved for dancing and it closes up at 1 a.m.

The LOWER FLOOR is used as a coffee lounge (while the dancing takes place) and background music is provided with a tape recorder of some of the world's finest Blues numbers.

After 12 midnight this floor is the scene of the wildest jam sessions in Melbourne as frustrated musicians let loose and "get it all out of their system."

No one dances because they're all too spellbound.

"Blues on Stage" generally closes up at 3-30 a.m.

Anyone who has heard that "Blues on Stage" is closing down can be assured that is only a rumour.

POP COMMENT

Following last week's article on Viet Nam, here is the first of a series of comments on the war and Australia's commitments made by well-known personalities.

This week we were lucky enough to obtain the views of Noel Rafferty, who is the lead singer for the top Siberian group, Mind Blowing Sensation.

Seen amongst the "Bus Stop" children last Sunday night was Keith Millar (ex-Kommotion).

SCOOOP: Bob washed his car over the weekend.

Typesetter at the "Star" wants to know what the hell this is all about.

GOSSIP

SEAGULLS in the form again this Sunday because, would you believe, 27 gallons were consumed by the members and the ladies auxiliary, some of whom proved to be goosers. (The drunken seagull with no legs wasn't sighted, but there was one with his arm in plaster.)

Thanks for the state psychedelic licorice, Paula.

I repeat: "Normie is a good mechanic."

The Bike Boys asked for another mention, maybe they should form a special club.

The happening of the year took place recently when Bibby and spouse got hitched.

Everyone was there, from Gaggas Babies to Uncle Ray and his Missus.

Other celebrities included Edipus Rex and the one and only Johnny Angel, who squawked a few numbers.

There was a special guest appearance by the Four Seasons and a drum solo by Gail Krupa.

Everyone was rapt in the psychedelic seafood and Denise couldn't get enough.

Wild Bill Murphy was never off the floor and he kept chasing a Go-Go Girl.

The young couple's going away outfits comprised way out Hippie robes (i.e.essian bags tied around the waist, bare feet, psychedelic tattoos and Hippie buttons with the words "Just Hitched."

Who put rocks in their hub caps?

Eggy says you're not a man unless you've got a rat tat tat. Is JD still in Queensland?

Ray is getting married soon. Stevy made the mistake a few weeks ago.

Margaret wore trousers to the wedding. Helen likes the boys from Sunshine.

Coronation Cadet expected to pass the finishing line in five minutes.

Gary is sore at Ken for over-charging.

Gary number two likes to go on strike now and again. Join in the migration to Queensland over Christmas if you want some fun.

Hoss is going grape picking. Will Frank throw in his teaching career and become a professional punter?

When will Peter Leed shave off that fungus? Who is this wild group called The Family Dog?

It's about time you looked for a job, Dawn.

That reminds me, Normie has a secret girlfriend.

Bibby's car was a mess after the wedding. I haven't seen Boga Thyer around since the wild incident in Yarraville.

He's probably too busy courting Vicky.

Denise has an unroadworthy sticker, but is proud of having fooled the breathalyser test.

The crowd at "Bus Stop" is dropping, Peter.

Will Altona have an annual rodeo?

The Lost Legends have split up and will not be available for the "Battle of the Sounds." Like-wise the King Bees.

Brown-eyed Handsome Jam were spotted having a band-splash down at the seaside on Sunday.

The Iguauna will continue to get big if they are promoted more.

One of the best groups in Australia is coming to Werribee soon—THE WILD CHERRIES.

Seen amongst the "Bus Stop" children last Sunday night was Keith Millar (ex-Kommotion).

SCOOOP: Bob washed his car over the weekend.

Typesetter at the "Star" wants to know what the hell this is all about.

RODEO ROUND-UP

by CHUCK WAGGONER

The 1967-68 Victoria rodeo circuit got under way with a show at Dartmoor on November 4. Altona rider "Bonga" Hobbs scored a win in the steer ride and did well in the bulldogging.

At Rutherglen on November 5, though, the Altona riders didn't fare so well. "Bonga" bucked off in the steer ride and missed his catch in the bulldogging.

Ron Coleman made time in the bullock riding, but was disqualified for touching hat and Noel Chalmers was taken to Rutherglen Hospital after coming a cropper in the bullock ride.

Noel, the last competitor in the bullock ride, received concussion after a kick in the head, but he arrived back in Altona in a satisfactory state.

Laverton cowboy Don Catchpole was a saddle bronc contestant, but the competition was too

good for him. Don hopes to travel the Queensland and An can circuit, as soon as he acquires a "good doggin" position.

Gomer Oliver, from Ech who leaves for America's placed in two events at Rut

glen. "Bonga" Hobbs advises he has sold his roping saddle.

The Peel Bros. (not to be confused with Gill Bros.) should be running a few buck outs in Altona now that they have given the okay for their careers.

Three Altona riders travel all the way to New South Wales to compete in a rodeo rece

NEW SPINS

Adam Faith is thirsty so the Los Bros are alive well, Like Nobody Else.

Chris St. Nicholas' old time group Graham, Jim and I want to buy a dog and the Shift say they can take it leave it.

It's the Same Old Story Johnny, Ashcroft and Rolf H has Never Seen Anything

It. The Twiliters sing Go W You Wanna Go to Nancy Lee's Lady Bird. Life is P Dream and Toy Balloons

Peter Doyle but the James lor Move are still conce about Janey.

Gerry of the Pacemal fame sings a Bee Gees' n and Bobby Goldsboro is sta at Jo Jo's place.

Maria Dallas has been bushed and Brenton Wood a little sigh.

Meanwhile the Monkees quire an Monte title.

NEWPORT WINS IN BASEBALL

A TEAM
Playing Geelong at Laverton last Sunday, Newport completely outclassed the opposition to win 8-2 in the Victorian Baseball Association's summer season.

Geelong's two runs were the result of careless fielding by Newport.

Newport lost the first game of the season 5-4 to Collingwood the previous Sunday, after leading 4-1 with 20 minutes left to play. The win over Geelong should now give the team a lift and head Newport in the direction of the finals.

Newport battled well against Geelong and many good safe hits were recorded.

B TEAM

Newport's B Team lost 12-6 to Melbourne University at the J. T. Gray Reserve last Sunday.

Like the previous Sunday when Newport lost 13-7 to Malvern, the game against MU was mixed with good, defensive fielding, followed by very poor fielding, mainly through lack of concentration.

Newport has now given the leading teams two games start and may find it hard to make up the leeway. Concentration by all players for the full game will see this team winning.

The B Team will practice on Monday nights from 4.30 p.m. at Newport and all players are expected to attend.

BOX SCORES

Newport 200 100-6.
Melb. U. 304 004-12.
SAFE HITS (Newport): Harry Bunting 2, Peter Campbell 1, Alan Duggan 1, Keith Quinn 1, Alan Solomon 1.

NEXT SUNDAY

Games for Sunday, November 19, are as follows:
A TEAM play Kew at the J. T. Gray Reserve, Kororoit Creek-d, Williamstown, at 12.30 p.m. All players to be at the ground by 11.30 a.m.

B TEAM play RAAF at the RAAF Base at Laverton. All players to meet at the J. T. Gray Reserve at 1 p.m.

Koorling Golf Club Associates

Results of the stroke event played by Koorling Golf Club associates on Wednesday, November 8, are as follows—

A GRADE: Mrs. V. Serong 109, 67 net.
B GRADE: Mrs. P. Essen (35), 2 net, on a comeback from Mrs. J. Jones (29).
SECRET NINE: Mrs. McUliffe, 31.

HOLIDAY ROAD SAFETY HINTS

Here are some hints from the Royal Auto Club of Victoria to help make your holiday motoring happy and safe—

If you are taking a caravan, get an extension for your outside rear view mirror to give you an adequate view beyond the back of the caravan.

Stay in your lane on a laned highway—cutting in and out causes accidents.

Clean your windscreen several times during a long trip, especially at sundown, but do not wipe it with a dry cloth which could scratch the surface of the windscreen.

When towing a caravan, your car will behave differently. For example, the braking distance would be considerably longer than usual, as a car's braking system is designed to operate at normal efficiency only when a vehicle is carrying an average passenger load. Also, brakes are susceptible to overheating and brake fade when towing a caravan, so adjust your speed accordingly and use low gear when descending steep hills. Follow these rules when over-taking another car on a highway—

Check that there is no other car approaching you. Check to see if there is a dip in the road or a high bend. Make a quick estimation to ensure that you have plenty of room to complete the overtaking manoeuvre—at 60 mph you will need about a mile of road.

Make sure that you will have a place in the line of traffic after you have completed the overtaking manoeuvre. If you are not certain about it of these points, don't over-take.

Two wins and two losses for Bowlers

Last Saturday the pennant bowling matches resulted in Altona winning two games and losing two. Results are as follows:

Altona (1) d. Moreland (2) 124-55—McNeillage, Nielsen, R. Don and Mathers; 31-19: Whitmore, Hill, L. Douglas and Malloy; 20-14: R. Douglas, D. Nettleton, Carton and Fisher; 29-14: Stephens, McDonald, Mitchell and Russell; 44-8.

Altona (2) lost to Ormond Park (2) 82-103—Blair, Richardson, Condon and Walsh; 24-24: Webster, Williams, Watson, 22-19: Turner; 22-19: O'Donnell, Probert, F. Douglas and L. Cox; 23-25: Crofts, Paul, Deegan and Burke; 12-35.

Altona (3) d. Northcote (5) 101-93—Dart, Neal, Craig and Bromley; 32-13: Thornycroft, Franks, W. Harrison and Inglis; 20-23: Clark, McMahon, Martin and Olliver; 31-28: Bartolo, J. Cox, Andrew and Jemmerson; 18-29.

Altona (4) lost to Keilor (1) 90-91—D. Nicholls, Stocker, L. Nettleton and Roach; 13-29: D. Nicholls, Buckley, H. Harris and Griffiths; 24-25: McKellar, Snowden, Bougoure and Abbott; 28-14: Jusley, Kelly, Eyre and Gore; 25-25.

NEXT GAMES

Next Saturday's games are: No. 1 meet Footscray City (4) away; No. 2 are at home to Hawthorn; No. 3 go to Newport (4); and No. 4 are at home to Sunshine VRL.

SUNDAY'S MIXED RINKS

Last Sunday 28 members and associates played mixed rinks at Footscray RSL. The greens were in very good condition and the weather was perfect. The competition was three games of eight ends.

The Altona winners were Mrs. Bromley, Mrs. Watson, H. Bromley and L. Cox.

Mixed rinks were played at Altona also and some 23 members and associates enjoyed the good green and lovely weather conditions.

All readers are again reminded that there are still vacancies for membership at the Altona Club.

TO MARGARINE

Whether the years prove fat or lean
This vow I here rehearse
I take thee dearest
Margarine
For butter or for worse.

ST. MARY'S LITTLE ATHLETICS

Competition is keen, times are being bettered and wins are hard to come by in the Williamstown Little Athletics Centre.

St. Mary's seemed to have a lot of "heavy legs" on Saturday but the children must be commended for their efforts once again.

Special Mentions this week for S. Penfold, G. Sullivan and R. Roberts. What great wins!

Don't forget training each Wednesday, 5-6 p.m. Mr. J. Curran and Mr. J. Polewsky are there to give you expert advice.

Other winners this week are:

Boys 70 Metres—G. Sullivan, R. Magnabosco, M. O'Connor, R. Roberts, M. Quinn.

Girls 70 Metres—R. Sweeney, J. Smale.

Boys 200 Metres—G. Sullivan, S. Penfold.

Boys 800 Metres—R. Roberts.

Girls High Jump—S. Sweeney.

St. Mary's (W'town) Car Raffle Drawn

The St. Mary's (Williamstown) car raffle was drawn last week at Massey's Showrooms, Yarraville. The 800 marbles and ticket stubs were checked by Mr. Neil Martin, of the E.S.S.A. Bank, assisted by Messrs. Ken Merdes, Upton, John O'Neill and Alf Hynes.

The winning marble was drawn by Mr. Arch Ferguson, former general manager of the Williamstown Naval Dockyard. Results are as follows:

1.—Holden Sedan valued at \$275.97: Won by K. Ruston, 53 Elizabeth-st., Newport. Ticket No. 502.

2.—Astor Transistor Radio (donated by Miss Irwin, Britannia Hotel, Williamstown): Won by A. Templeton, 4 Ballarat-ave., Glen Waverley. Ticket No. 361.

3.—Hoover Steam and Dry Iron (donated by Mr. and Mrs. L. Fitzpatrick, of Williamstown): Won by Mr. E. J. Michael, 11 Maddox-rd., West Newport. Ticket No. 69.

4.—Christmas Hamper (donated by Andy Buttigieg, licensed grocer of Altona West): Won by K. Broadfoot, 20 White-st., North Williamstown. Ticket No. 558.

5.—Sunbeam Frypan (donated by Dr. and Mrs. Brophy, of Williamstown): Won by Mr. Brendan Hickey, Box 30, Berrigan, NSW. Ticket No. 657.

6.—Servex Automatic Toaster (donated by Cliff Gibson, builder of Williamstown): Won by L. R. Hyne, 4 Webb-st., Altona. Ticket No. 609.

7.—Deluxe Dollie Stroller (donated by Gerard Baby Carriages, 129 Nelson-pl., Williamstown): Won by R. Chionna, 9 Melbourne-rd., Williamstown. Ticket No. 423.

8.—Sunbeam Deep Fry Cooker (donated by Mr. W. Pepper, Sen. of Williamstown): Won by M. Allan, N. Kavanagh, E. Lovell, L. Simes, J. McLean, C/- Williamstown Hospital. Ticket No. 453.

9.—Automatic Electric Coffee Percolator (donated by Frank Toby, plumber, 160 Melbourne-rd., Williamstown): Won by Mr. H. Lawson, Walton-st., Werribee. Ticket No. 772.

10.—Hills Deluxe Ironing Table (donated by Mr. and Mrs. Brian O'Brien, The Explorade, Williamstown): Won by Mrs. S. Kardale, Ardrie-rd., Caulfield. Ticket No. 89.

11.—Deluxe Tricycle (donated by Bourke Appliances, corner Elizabeth and Lettrob-sts., Melbourne): Won by Sister E. Quinn, C/- Williamstown Hospital. Ticket No. 559.

Horticultural Society to be Formed

The preliminary meeting of the Altona Horticultural Society was held on October 20 at the Altona Public Library.

At this meeting of the newly-formed Altona Horticultural Society, it was decided to call a general meeting in the Altona Public Library at 8.15 p.m. on Friday, November 24. The agenda for this meeting will be to consider the proposed constitution and election of office-bearers.

PROPOSED CONSTITUTION

1. That the name of the Society shall be Altona Horticultural Society.

2. That the Society shall have office-bearers consisting of President, Secretary, Treasurer and a Committee of four.

3. The quorum of a meeting shall consist of five. Two office-bearers must be included in this five.

4. A meeting shall be held every month.

3rd ALTONA CUBS ACTIVITIES

Welcome and congratulations to Graham and Jeffrey Bunting who have just been invested; also welcome to "new chum" Neil Hefferman. Many happy years of cubbing boys.

Sixer stripes were presented to Trevor Mondon and Seconds stripes to Harry Hart. Congratulations boys.

PAPER DRIVE

Please remember to collect papers and bring to your Sixer's house, as points for this effort go to the current bone competition. Anyone wishing to donate papers is asked to ring 391 4449 or 391 3246 and they will be collected.

WHAT'S BITING?

The big snapper that have been so plentiful in the Altona Bay area appear to have gone.

No reports of snapper catches this week seems to indicate that the fish have moved and on present indications they appear to have gone south past Point Cook, where a few isolated catches were reported.

Any anglers interested in winning the snapper competition look like having a long boat trip to get the 20-pounder that is needed to head the competition.

Good catches of whiting and flathead are being taken, so although you might not boat that big snapper, a good bag of fish can still be caught.

BOAT RAMP

The new boat ramp at Seaholme is certainly proving popular, as can be seen from the dozens of boating enthusiasts who actually have to queue up to launch their boats.

This is the only spot in Altona where a trailer boat can be launched at low tide without a lot of hard pushing. The council has dredged a channel out from the ramp.

But although an asset at low tide the authorities should attempt to get rid of the foul-smelling seaweed that has now settled in the dredged channel. This weed is up to 2ft. deep in places and contains as well bottles, cans, rocks, old socks—in fact, anything that could damage a boat or motor.

Two boat-owners have had to have quite expensive repairs done to their motors through striking some of these objects hidden in the seaweed.

These two well-constructed ramps are an asset but unfortunately unless something can be done about the weed problem they are likely to become "white elephants".

SCALLOP FISHERMEN

Everyone is entitled to work at his chosen occupation seven days a week, but surely some of these scallop fishermen could show a little respect for the amateur fishermen.

Last Sunday evening a scallop boat caused a lot of ill-feeling among a group of fishermen fishing out on the "Grapes."

These boats were in an area a half mile square—only a pinpoint in comparison to the size of Port Phillip Bay—but this one scallop boat dredged backwards and forwards in between boats, around boats and caused a few boats to shift—one boat had to shift three times as the dredge scared all the fish in the immediate area.

Also the scallop boat was being operated by only one man. Half the time the scallop was sorting scallops, etc., while the boat was travelling with no one at the helm, with small boats everywhere.

Surely this is against any rules or regulations that governs these type of boats for as well as spoiling a Sunday's fishing for the local amateurs, he could have quite easily upset some of the small fishing craft.

TIDE TABLE

High and low tides at Williamstown are as follows—

November	a.m.	p.m.	a.m.	p.m.

CRICKET REPORT

A GRADE TURF

With Newport ANA resuming at 0/10 in their 2nd innings, Altona again did well in the field to dismiss this side for 118. The four Altona bowlers used were well supported by some excellent wicket-keeping by the bespectacled Cooney.

However one or two dropped catches marred the overall fielding display.

This meant that Altona needed 147 runs in about 2½ hours to win outright.

At 20 to 6 the last wicket fell at the total of 117 thus meaning outright defeat.

Altona's batting in this innings was certainly a lot better than their previous week's effort.

An excellent hand by new-comer Robert McLeod (39 n.o.) nearly pulled the game out of the fire. John Cooney 27, and Damien Young 18, also batted well.

Altona must have a win at their next outing to stay within distance of the four. More concentration in the batting, stickier fingers when fielding and the mythical, swinging, selectors axe will ensure this.

Newport-ANA (resumed at 0/10) —

2nd Innings:

B GRADE TURF

Newport Basebatters resuming at 0/122 were well held by Altona, in a better display than the previous week, preventing Basebatters from enforcing an outright win.

Murphy in a good opening spell saw Simpson well caught in slips without addition to the score, tight bowling and steady fielding kept the scoring rate down with Gibson of Basebatters playing a sheet anchor role to finish on 72.

Altona's Noel Michael took the bowling honours with 4/22.

Altona batting again to avoid outright defeat found Joyce 42 and Bibby 45 in fine form, handling most bowlers easily and with time running out Basebatters had to be content with first innings points.

The next match between these teams should be interesting as both are fairly evenly matched and both are certain to be looking for premiership points to cement a place in the final four.

Newport Basebatters: Resumed at 0/122 —

TOTAL 8/124
Bowling: T. Forrester 5/30; W. Gibson 1/7; D. Sturrock 1/21.

C GRADE TURF

Altona resumed at 6 for 111 and soon lost the wickets of Ron Ford and Kevin Flett before young David Chalmers came in at eighth wicket down and batted beautifully to score 45 not out in a partnership of 81 with Ray Duckett.

Altona then declared at 8 for 207 at 3 p.m. leaving Spotswood lmp. 115 runs to get to win the game.

Kevin Flett and Ross Ford opened the attack and it was soon evident that the Spotswood opening batsmen were not going to take any chances going after the required runs, until a change of bowling caused the batsmen to misjudge the ball and Altona started to get wickets.

Kevin Flett bowling unchanged into the wind kept a good length and troubled all batsmen and finished the innings with the excellent figures of 5/14.

The Altona fielding was once again very keen and some smart saves were made by Wally Bruce and Laurie Egan. Spotswood were all out at approx. 5 p.m. for 79 runs giving Altona their third straight outright win.

Altona 1st Innings Resumed at 6 for 111 —

Duckett n.o.	48
R. C. Smart	5
Flett b Smart	7
Eagon b John	1

ALTONA UNDER-16

Altona 1st innings 3 dec. 160. Spotswood lmps resumed at 4/128.

In an exciting end of the first innings saw Spotswood lmp lead by 7 runs. Altona being the only side to bat the 2nd innings.

David Chalmers bat well to make 57, Tony Paone 16 and I. McCudden 14. Showing improvement in each match the lmps should have a successful season.

CHURCH CRICKET SCORES

The third round of matches was completed last Saturday, and the sensations commenced on the first day were continued even beyond expectations.

Both A Grade premiers and runners-up, W'town Congs and Barkly St. Meths, in trouble last week were convincingly beaten outright, and one A Grade match ended in a tie.

St. Eanswythe's C Grade scored over 300 runs to get ahead of Ballarat Rd. Meths. One tie was also registered in B Grade, making the fourth tie in the Association this season. Scorers of note were Mer-

rile 102, Gook 69, Hollings 69, Garde 68, Viney 55 and Cockcroft 51 n.o. in senior ranks, and Holmes 70, Page 65 Jones 79 n.o., Norris 54, Moore 54, and Grant Simmons who completed a good double for Tottenham Bops by scoring 107 n.o. in Under 16 in the Morning and 44 in A Grade in the afternoon.

Results were as follows: —

A GRADE —

Kingsville Bops 113 defeated Williamstown Congs 15 and 69 (Hogg 18, Dowling 6/26, W. Anderson 4/35) outright. Tottenham Bops 7/222 dec. (Gook 69, Simmons 44, L. Murray 43, McGuire 22, Walker 3/55) defeated Barkly St. Meths 101 and 116 (Hollings 69, Walker 17 n.o., Ross 5/24, Weymouth 4/26) outright.

Seddon/Y'ville Congs 263 and 2/93 (G. Mantion 47 n.o., Comben 25 n.o., Jackson 21), defeated St. Andrews W'town 140 (Rowe 34, Lewczuk 40, G. Homewood 23, R. Mantion 3/20, Duncan 3/16) on the first innings.

Yarraville Bops 179 and 7/144 (B. Hayes 51 and 26, Curwood 22 n.o., Broadbent 19, Wall 21 n.o., A. Cocks 5/34) tied with Newport Meths 179 (Viney 55, Johnson 47, Luke 38, Wall 5/72, B. Hayes 4/35).

B GRADE —

Nth. W'town Church of Christ 91 and 118 (K. Neville 41, G. Hayes 20, Scheurer 6/30) tied with Christ Church Newport 91 and 9/93 Jones 37, Scheurer 18, Lawson 4/32) Williamstown Meths 175 defeated Yarraville Pres. 66 and 61 (Lally 21, Mattinson 7/22, Brewer 4/15) outright.

No report com St. Stephens v Maidstone Church of Christ. Paisley St. Bops had the bye.

C GRADE —

Ballarat started off the second day's play with nine wickets down for 213 runs. With only 1 more run on the board they were all out with Berryman (11) being bowled by Ray Price.

St. Eanswythe's were required to make 215 runs in 205 minutes. However, after 30 minutes play St. Eanswythe's were 3/29 and appeared to be in a spot of bother. But at these stages Dennis Garde and Alec Merrill got together and this pair were not separated until the scoreboard showed a very respectable 197 with D. Garde making a well compiled 70 and Merrill making a spectacular and chanceless 106.

Both Garde and Merrill seemed to have the ball on a string as they hit the ball at their leisure to any part of field they wanted. The rest of the batsmen then took the score of 313 with Ray Price making 57 n.o. and Neil Courtot 36.

This win by St. Eanswythe's must be regarded as one of its best ever as Ballarat Road had won both of its previous matches outright and the seemingly short time in which St. Eanswythe's were required to make the runs.

Ballarat Road 1st Innings —

Bowling: M. Berryman 2/48; R. McInnes 2/48; P. Annear 1/16; I. Bartholomew 1/18; P. Starford 1/23; R. McGillivray 0/41; F. Brunt 0/47; A. Richardson 0/55.

Newport Baptists 9/176 dec. and 9/102 (Maynard 30 n.o., I. Dougall 18, G. Dougall 17, Cass 3/19, Irvine 2/20) defeated Kingsville Bops 101 (R. Beard 29, Maynard 4/47, G. Dougall 2/26, Andrews 2/7) on the first innings.

Seddon/Y'ville Congs 118 and 5/113 (Cockcroft 51 n.o., Biggs 16, Annand 15 n.o., Smalley 3/21) defeated St. Andrews Footscray 93 (Hawlow 22, Bunce 22, Smalley 17, N. Mantion 5/29, W. Manallock 5/46) on the first innings.

All Saints 102 and 78 (Board 21, Treagus 20, McInnes 9/17) were defeated outright by Tottenham Baptists 146 and 2/37 (Keifer 30, McInnes 33, Mc Niece 16, Park 6/53, Board 2/9, Addison 2/1).

JUNIOR NORTH SECTION

Yarraville Baptists 4/202 (Norris 54, Moore 54, Spicer 53 n.o., Taylor 16) defeated St. Andrews Footscray 139 on the first innings.

Kingsville Baptists 4/164 dec. and 1/9 defeated Ballarat Rd. Meths 136 (Jones 79 n.o., Brown 6/26, Cass 2/17) on the first innings.

Maidstone Church of Christ 175 and 2/3 defeated Barkly St. Meths 128 (Orton 29, De Medici 20, West 6/20, Mitchell 3/34) on the first innings.

Tottenham Baptists 2/174 dec. (Simmons 107 n.o., Watson 41, Cope 2/60) defeated All Saints 103 and 6/51 (Watson 4/37 on the first innings).

JUNIOR SOUTH SECTION

St. Eanswythe's juniors had another good outright win over the Electra St. (2) juniors by an innings and 28 runs.

The bowlers once again put in a good bowling performance by taking only 14.2 overs to dismiss the Electra St. (2) batsmen for only 31 runs. Geoff Stephenson took the bowling honours by taking 4/17.

A church parade will be held on Sunday November 26 at the Kingsville Baptist Church, Geelong Road starting at 7 p.m. Following the parade there will be a cricket film.

All members of St. Eanswythe's cricket club are requested to attend. Anyone who wishes to attend but has no transport can ring F. Wynands 398 1952 after 6 p.m., any week-day.

TOTAL 31

Bowling: G. Stephenson 4/17, B. Grant 2/8, B. Harrison 1/1, S. Chatfield 1/5. John St. Methodist 5/160 dec. defeated Altona Presby. 55 and 1/63 (Hitchcock 19 and 16 n.o., Wilson 20, Mc Kinney 25 n.o., Beckman 3/15, Kerr 3/20) on the first innings.

Williamstown Congs 200 (Holmes 70, Page 65, Evans 3/4) defeated Electra St. Meths (1) 3/133 dec. on the first innings.

North W'town Church of Christ 115 and 3/16 (Williams 48, Cassell 28, Rhodes 5/2, Ravenscroft 3/38) defeated St. Stephens Nth. W'town 22, Williams 5/14) outright.

St. Andrews W'town v Christ Church Newport, no report to hand.

Delegates are reminded of the Delegates Meeting at Seddon Con. Church, next Monday, 20th Nov., 8 p.m. Delegates and Secretaries are also reminded to obtain their Club's copies of "The Pitch" for distribution to members, at the usual pick up points on Friday next.

ALTONA CRICKET SOCIAL REPORT

Latest entrants in the Mutual Admiration Society are Damien Young, who just loves Jimmy Page's bowling ability, and Jimmy, who just loves on Damien's batting.

Medal for the "biggest blue of the week" goes to Ken Winfield. It was noticed by Ray Duckett that Ken was handing out club children's party members." He hastily rectified his mistake, but not before some opposition members had begun to fill them in. If ANA are as good in the field as they are in the club-rooms not much will get by them.

After practice on Thursday night, November 16, there is to be a "hot dog" night in the club-rooms. Coach John Cooney thinks this will be an opportunity for the teams of all grades to get together and have a talk about their plans and progress so far in this season.

If Bill Nichol can borrow the film "A Boy, A Girl, A Ball" in time, this will again be shown.

Have you paid your membership fees yet? If not it would be well to do so because the committee is concerned about the number of arrears and is considering drastic action. The club rules are quite clear on the position of unimpaired members, so to avoid unpleasantness if you are behind in fees, please settle your account.

A forthcoming attraction is a proposed dance in the near future, organised by our good ladies of the club. Details are not finalised, but watch out for this event.

By the way ladies, what happened to the hot dog and hamburger service last Saturday?

BATMAN.

FIRING PRACTICES—

WILLIAMSTOWN RIFLE AREA

The PUBLIC is hereby warned that FIRING PRACTICES with rifle, machine gun, machine carbine and pistol may be carried out between 0730 hours and 1900 hours daily in the WILLIAMSTOWN RIFLE RANGE area during the month of NOVEMBER, 1967.

DEFINED AREA

All the land of the WILLIAMSTOWN area known as the WILLIAMSTOWN (or MERRETT) RIFLE RANGE, that is to say all that land SOUTH of KOROROIT CREEK ROAD enclosed between the junction of KOROROIT CREEK with the EASTERN boundary line of MADDOX STREET; thence in a NORTHERLY direction to the corner of MADDOX STREET and KOROROIT CREEK ROAD with the property of the Victorian State EDUCATION DEPARTMENT; thence in a SOUTHERLY direction along this boundary and the boundaries of housing properties; thence again in an EASTERLY direction for 259 yards to the boundary fence of the Girls' School; thence again in a SOUTHERLY direction to the PORT PHILLIP BAY FORESHORE; thence in a WEST and NORTH WESTERLY direction along the FORESHORE to the junction of KOROROIT CREEK with the EASTERN boundary line of MADDOX STREET; thence along MADDOX STREET for a distance of 3200 yards SOUTH (into PORT PHILLIP BAY) throughout the length of this FORESHORE widening to a length of 3800 yards at its SOUTHERN extremity.

ENTRY INTO THE AREA

Members of the public seeking entry into the range proper in the course of business must first make application to the Range Superintendent (telephone 397-6027). Entry for any other reason is forbidden.

Members of the public are warned against entry into the danger area of PORT PHILLIP BAY whenever firing practices are being conducted. FLYING OF DANGER FLAGS

As a warning to the public that the range is in use RED flags are hoisted in the vicinity of the range foreshore at intervals throughout its length.

WORK WANTED

OLD CARS removed free of charge. 398-1694.

RUBBISH REMOVED, back yards cleaned up. 398-1694. **LAWNS** laid and cut, long grass slashed, blocks cleared, rubbish removed, back yards cleaned. 391-2719.

Licensed to Sell the Earth Since 1861

No. 1 MILLERS ROAD, ALTONA

1861 What a Year
What an Era

JOHN ROBERT BUXTON at the age of 18 years sailed from England for Australia in the sailing ship "Great Britain," illustrated entering Hobson's Bay under Commander J. Gray.

Young Buxton immediately settled down in real estate in the new colony and soon gained a name as a reputable man, exercising his own code of ethics, even before the unity and control of estate agents which led to formation of the RESI.

Business flourished and J. R. Buxton, leading businessman of the day, was to build in Middle Park a stately home befitting his community standing—a home which today is the headquarters of the Danish Club.

J. R. Buxton Pty. Ltd., the firm founded by the young man who sailed out from England, today sails on to maintain a name that has weathered the fetters of time, setting a course of service equal to none.
